

Mid Vancouver Island – Electric Vehicle Association

Member Input Needed

May 2021

As with many other organizations, we have also been challenged by the COVID-19 pandemic. Our initial efforts at forming the association were well underway with a meeting in January and February last year. Then things stopped cold in March with the Health Recommendations on group meetings. We have tried to hold different events but honestly, the member response has been poor. So we need your help to figure out what you want.

Please help us out by choosing which of the following activities you are interested in:

1	Tailgate meeting Saturday 10 am – semi monthly Meet at a Mall parking lot, bring drink of choice, lawn chair and mask.
2	Zoom “Happy Hour” Tuesday 7 pm – semi monthly Light discussion about your EV questions, recent developments in the EV world and any planned events
3	Day Trip to various locations on Vancouver Island
4	Weekend Scavenger hunt – July 10th & 11th
5	Monthly Zoom meeting with guest speaker
6	Joint Zoom meeting with another club (Victoria, Vancouver, Comox)
7	I would like to:
8	I would like to:
9	I will pick the event when I see the timing and details
10	All the above

Simply give it some thought, pick the ones that interest you. Your Board will try to meet the majority of activities that the members are interested in. **Kindly make your choice and reply by May 15th.** Thanks for your input!! All events will adhere to COVID19 Public Health Orders. John O’Brien, Director, 250-228-0020
