HINT: If your clue is to find and photograph an octopus out of water, here is an imaginative winning photo!

The information is attached, kindly email MEMBERS@ISLANDEV.ORG with your registration form.

We would like to get a large turnout of members so we set it up so you don't need to go to a central location.

Yes, you can do it in your own community.

Have fun and find the imaginative items on the list to be published via email July 9th.

WANTED: I have been asked if anyone knows where a member can borrow a CHAdeMo adapter for a Tesla.

Many thanks
